Villa Zambonina

VERONA, ITALY

Ah, fair Verona. This 17th-century *Romeo and Juliet*-style Palladian villa, situated in the Italian hills, is as authentic as it gets. Think vast frescos and Instagram-worthy interiors that look as though they've been plucked straight out of an Italian Renaissance painter's palette. Book it with 20 of your closest pals for weekend of rosé-sipping and long lunches. Expect to come home with not just a love of Verona, but also a substantial amount of weight gain...
